SECOM-D-090

2 April 1986

MEMORANDUM FOR: SECOM Members

FROM:

Chairman

SUBJECT: Chairman, Computer Security Subcommittee

1. Members were informed at the 19 March 1986 SECOM meeting of Mr. Basic's resignation as Chairman, Computer Security Subcommittee, and of the need for nominees for consideration to succeed him. Members are requested to identify and nominate persons who possess considerable initiative, are articulate and who have some knowledge of computer security. Significant experience in the subject area may be less important than a "can do" attitude needed to break through inertia and develop a draft revision of DCID 1/16. Perseverance and a talent for considering and harmonizing to the extent possible different Community views on computer security are desirable qualities for nominees.

2. Please provide your nominations to me as soon as practicable but not later than 16 April 1986.
